

## pressure filter series HPM

description pressure filter series HPM filter material cellulose fibre; -20...+95°C; max. operating pressure 420bar; max. differential pressure 20bar; bypass valve; opening pressure 6bar

connection	flow at Dp=1,2 bar [l/min]	grade of filtration [µm]	filter area [cm <sup>2</sup> ]	type
1/2"	40	6	410	HPM-282-F06-X-NR
